Zambian

SKILLS

- * Data Analysis and Problem Solving
- * Risk Assessment and Analytical Thinking
- * Research, Reporting, and Documentation
- * Process Improvement and Quality Assurance
- * Financial and Business Analysis
- * Regulatory Compliance and Governance Awareness
- * Stakeholder Communication and Client Service
- * Microsoft Excel, PowerPoint, and Data Management
- * Web Development and Digital Solutions
- * Programming and Machine Learning Fundamentals
- * Technical Modelling and Simulation (MATLAB, ANSYS, GT Suite)
- * Graphic Design and Professional Presentation
- * Data Analysis and Visualization
- * Microsoft Office Suite (Excel, Word, PowerPoint)
- * Web Development (HTML, CSS, Python Flask)
- * Machine Learning Fundamentals
- * Technical Modelling and Simulation
- * Database and Information Management

CERTIFICATION

Beginner Financial Statement Analysis

JUN 2025

Databases and SQL for Data Science with Python

MAY 2024

Database Management Essentials

MAY 2024

Software Engineering: Modeling

DEC 2023

Object Oriented Programming in Java

DEC 2023

PROFESSIONAL SUMMARY

- * Knowledgeable in simulation and analysis software like GT Suite, MATLAB Simulink, ANSYS Basics)
- * Proficient in programming languages including C++ C, Python, HTML, and Python for machine learning
- * Knowledgeable in machining operations like lathe, CNC, Milling, Grinding and workshops like Welding Foundry, Forging, Fitting, Metrology and Sheetmetal
- * Strong Communication skills, Time Management, Interpersonal Relations, Work under minimum supervision, Attention to detail, Problem solving and analytical skills

WORK EXPERIENCE

Co-founder & Corporate Lead

2026 JAN - Present

Tukakula Enterprise Limited

- * Responsibilities include driving business development and securing client engagements across advisory, software, and brand strategy, leading proposals, tenders, and partnerships. Oversee end-to-end delivery of financial models, strategic plans, and digital solutions, ensuring quality and client satisfaction.

Junior Analyst

2025 MAR - 2026 MAR

Industrial Development Corporation

- * Responsibilities included monitoring, evaluating and analyzing financial and operational performance of subsidiaries, compiling quarterly and annual performance reports for management, and assisting in developing strategic plans, turn around plans and implementation roadmaps for underperforming entities. Also identify operational inefficiencies, and suggest practical improvements, drafting Project Information Memorandums, Investment Appraisals, memos and conducting due diligence on companies expressing interest to partner with IDC.

Quality Controller & Service Advisor

2024 SEP - 2025 MAR

Tata Motors Limited Zambia

- * Ensured all maintenance and repair activities complied with Tata quality standards. I coordinated servicing for buses, light commercial vehicles, and fleet equipment, including Tata Marcopolo 713 and INTRA. My responsibilities included conducting final quality inspections and roadworthiness assessments before customer delivery, liaising between workshop technicians and customers to provide technical advice, and monitoring repair quality to address recurring defects. I utilized SAP systems for service management, documentation, and work order tracking.

PUBLICATIONS

Performance Study of a Retrofitted Electric Two-Wheeler Using GT-Suite

The paper studies the feasibility of retrofitting an ICE motorbike into a fully electric motorbike.

Paper was successfully published in a Scopus-indexed journal proceedings for Mechanical Engineering (ISME)

- * Technical skills acquired includes electro fitting, designing Battery Management Systems (BMS) for Electric Vehicles (EVs), and testing various circuits using perf boards. My hands-on experience reflects practical problem-solving abilities in mechanical engineering.
- * Non-technical skills acquired include collaboration and teamwork, problem-solving, and effective communication. My skills in research and analysis support informed decision-making, while my attention to detail ensures precision in my work. I also bring project management capabilities, organizing tasks, setting timelines, and coordinating efforts for efficient project completion

Vehicle Maintenance Technician

Toyota Zambia

JUN 2019 - DEC 2020

- * Duties included Performing preventive and corrective maintenance on a wide range of Toyota vehicles, including pickups, SUVs, and commercial models. My work involved diagnosing and repairing diesel and petrol engines (1KD, 2KD, 1GD, 1HZ, V6, V8), conducting pre-delivery inspections to meet Toyota’s quality standards, and installing customer-requested accessories. I utilized SAP maintenance systems for job card processing, spare parts management, and service documentation, while ensuring compliance with OEM procedures, workshop safety, and quality assurance requirements.

EDUCATION

PG Diploma in Sustainable Finance	2026 Feb - present
International Capital Market Association	
B. Tech Mechanical Engineering with specialization in Automobile engineering & minor in Computer Engineering	2024
Delhi Technological University	Graduated: May 2024
General Certificate of Education (first class)	2018
Lusaka Boys Secondary	Graduated: November 2018

MEMBERSHIP & AFFILIATIONS

Graduate Engineer	2024
Member of EIZ	
EIZ NO: SMENG2024079284	Period: Aug 2024 - Present
President (Delhi)	2022
Association of Zambian Students in India	Period: Jun 2022 - Aug 2024
Embassies Coordinator	2024
Delhi Technological University	Period: Jan 2023 - Aug 2024
